About the program

The Shared Giving Catalog introduces Foundation fundholders to vetted nonprofits across the region. Each listed organization receives a one-page profile describing its work and a specific funding need. Fundholders recommend grants directly from their donor-advised funds.

Listing in the catalog is not a competitive grant. In 2026, 112 catalog organizations received $1.27 million in fundholder grants, with individual gifts ranging from $500 to $25,000.

The catalog is a good option for organizations that received a Community Impact Grant in 2026 and are not eligible to apply again until 2028.
