About the program

The Spring Cycle of the Community Impact Grants program provides one-year, unrestricted general operating support to organizations meeting basic needs and expanding economic opportunity in northern Arizona. Unrestricted funding lets organizations put dollars where they are needed most, whether that is staff salaries, rent, or a new program.

Award amounts are set by the applicant's annual operating budget, so organizations do not need to request a specific amount. The Foundation expects to award approximately $650,000 to 45 to 55 organizations in the 2027 Spring Cycle.

Frequently asked questions

We received a Fall 2026 Community Impact Grant. Can we apply in Spring 2027?

No. Organizations that received a Community Impact Grant in calendar year 2026 must wait until the 2028 cycles. You may still apply to the Foundation's other funds and to the Shared Giving Catalog.

Can a fiscally sponsored project apply?

Yes. Include a signed letter from your fiscal sponsor using the Fiscal Sponsor Letter Template. The award tier is based on the project's budget, not the sponsor's.
